MESSAGE

PRESIDENT OF THE UNIVERSITY

As the number of students admitted to the Ateneo continues to grow, it becomes all the more important to ensure that safe and reliable housing facilities are made available to our students. It is with this in mind that I gratefully acknowledge the work of the Accredited Off-Campus Student Housing Facilities Committee, as well as the establishments they collaborate with, for their diligence in providing services to our students.

Indeed, the presence of this committee from various members of the Ateneo community, as well as its criteria for evaluation. Allow this university to maintain its competitive edge. More importantly, this Directory is an excellent guide to helping students select reliable accommodation that the best suit their needs.

Thank you sincerely, and look forward to your continued support.

Jose Ramon T. Villarin, .S.J.

MESSAGE

VICE PRESIDENT FOR THE LOYOLA SCHOOLS

This 2011 edition of the Directory of Accredited Off-Campus Student Housing Facilities comes with our desire to ensure a good living environment for our students residing outside the Ateneo de Manila campus.

I would like to thank the Off-Campus Student Housing Facilities Committee, led by the Office of the Associate Dean for Student Affairs and supported by the Ateneo Schools Parents' Council (ASPAC), for their valuable work. My thanks also go to the dormitory owners and managers, for their cooperation and participation in the accreditation process.

I hope that this directory will be helpful to you as you look for the best home away from home during your years at the Ateneo de Manila.

John Paul C. Vergara, Ph. D.

MESSAGE

ASSOCIATE DEAN FOR STUDENT AFFAIRS

The 2011 edition of the Directory of Accredited Off-Campus Student Housing Facilities is a product of the collaboration between the Office of the Associate Dean for Student Affairs, the Sanggunian ng mga Mag-aaral ng Mga Paaralang Loyola and the Ateneo Schools Parents' Council to ensure a healthy living environment for our students living outside the campus and away from their families. I would like to thank them for sharing their time and ideas during the accreditation process.

I would also like to thank the officers and members of the Association of Student Housing Facilities for their continued cooperation.

We are all partners in our efforts to ensure the safety and well-being of our students.

Rene Salvador R. San Andres

The Ateneo de Manila University, cognizant of its students who reside in off-campus student housing or dormitory facilities in the Loyola Heights Area, has taken steps to extend its services to these students through the accreditation of Student Housing Facilities. The Ateneo, represented by the Office of the Associate Dean for Student Affairs (ADSA), has established minimum standards to safeguard the quality of life of the students. The standards were established in consultation with the different sectors concerned, namely, the students represented by the Sanggunian ng mga Mag-aaral ng Mga Paaralang Loyola and the parents represented by the Ateneo Schools Parents' Council (ASPAC).

Classification of Student Housing Facilities

The classification indicates the **quantity** of basic utilities and additional amenities or features found in the housing facility (e.g., Is there a recreation room? Computers for dormer use? Gym? Security Guard?). Pricing is also a factor in determining classification.

ECONOMY

This is the basic category that signifies that the facility would have met the minimum requirements established by the Ateneo in terms of quantity of attributes found in the housing facility. Pricing, ideally, will also be the lowest among the three (3) categories. Units in the Economy category are assumed to be affordable for Ateneans with a tight budget.

REGULAR

A housing facility in this category would have met the minimum requirements established by the Ateneo in terms of quantity of attributes. It would also have some extra conveniences or comfort. Pricing will generally be higher than Economy but lower than Luxury.

LUXURY

A housing facility in this category would have exceeded the requirements established by the Ateneo in terms of quantity of attributes and would have more extra amenities and conveniences not normally available in a student housing facility. Pricing will be generally higher compared to Economy and Regular.

Star Ratings of Student Housing Facilities

The star rating indicates the **over-all quality** of the amenities found. This ranges from working condition to excellent condition. Under each category, there will be a Star Rating to determine the general quality of amenities found.

ONE STAR (☆) RATING

Minimum acceptable working condition. Amenities are relatively old but generally maintained.

TWO STAR (☆ ☆) RATING

Good working condition. Amenities are well-maintained and relatively well-furbished.

THREE STAR (☆ ☆ ☆) RATING

Excellent working condition. Amenities are very reliable, rarely break down and are relatively brand new.
